Dear Mr. Burrows:

This letter is to confirm your letter dated 4/27/87 on hearing WBTX at 7:45 pm.

WBTX broadcasts at 1470 KHtz on the am band in mono at 5000 watts from 6 am to local sunset. We are affiliated with the American Entertainment Network (ABC). Our general service area includes the Central Shenandoah Valley of Virginia including the three county area of Rockingham, Page and Shenandoah as a primary service area (see attached). WBTX is a stand alone am station with tower and transmitter located 1.1 mile west of the town limits of Broadway, VA along state route 259. We broadcast from a 175 ft tower non-directional. Our format is Inspirational-Gospel.

We receive DX letters from time to time from areas to our north, mostly from Pennsylvania and Maryland. In my time here, yours is the farthest report.

Sincerely,

Steve Knupp
Operations Manager, WBTX
